Workers' Compensation Commission

May 4, 2012

Betsy Hartman Joins the Commission as the Director of Information Technology

The South Carolina Workers' Compensation Commission welcomes Betsy Hartman as the Director of Information Technology. Ms. Hartman comes to the Commission having worked with the Department of State Information Technology (DSIT) since 1998.

Since 2010, Ms. Hartman has provided IT support to the Commission through a contract with DSIT as the Commission's Chief Information Officer. Ms. Hartman will take a leading role in the Commission's continued efforts to further integrate information technology applications into all aspects of the Commission's business processes. Ms. Hartman begins employment with the Commission on May 17.
