Workers' Compensation Commission

ADVISORY NOTICE

Amendment to Forms 21, 30, 50, 51, 52, 53, and 58

September 1, 2023

The Commission promulgated an amendment to S.C. Code Ann. Regs. 67-610 that was approved by the legislature and made effective on May 26, 2023. In response to the new processes created by the regulatory changes, the Commission updated the Forms 50, 52, and 21. The updated forms include a new section for use by the parties to identify the requested amendments to pleadings.

The updated forms are currently available on the website for download in both .pdf and .docx formats. Parties are encouraged to begin using the forms immediately. However, the Commission will continue to accept the prior version of the forms until November 1, 2023. Thereafter, outdated Forms will be returned.

In addition, the certificate of service sections at the bottom of the forms 21, 30, 50, 51, 52, 53, and 58 has been removed and the Form 50 has been renumbered for clarity. Beginning on November 1, 2023, parties will be required to submit separate certificates of service when filing the Forms 21, 30, 50, 51, 52, 53, and 58. A template certificate of service will be provided on the Commission website Forms page.

The amended, fillable versions of the forms may be accessed on the Commission's website using the following link: <https://wcc.sc.gov/forms>.
