Workers' Compensation Commission

Advisory Notice

February 18, 2020

IT Legacy System Modernization Project (KERMIT)

The SC Workers' Compensation Commission is temporarily suspending work on the IT Legacy System Modernization Project (KERMIT) due to unforeseen circumstances. For carriers, trading partners and vendors, implementation of EDI 3.1 originally scheduled for March 15 will be postponed until further notice. For attorneys, all claims related transactions will continue to be submitted according to the current business practices using eCase, emailing documents and the US Postal Service. KERMIT will be deactivated for user and organization registration, EDI 3.1 testing and claims view.
