2024 Medical Services Provider Manual

March 29, 2024

At the Business Meeting on March 11, 2024 the SC Workers' Compensation Commission approved changes to the Medical Services Provider Manual (MSPM) for 2024.

The codes in the fee schedule were made current by including codes established for 2024 and deleting obsolete codes, updating copyright dates, code ranges, numerical examples and URL links. Maximum allowable payment (MAP) amounts will be updated based on a Conversion Factor of \$51.50 and an Anesthesia Unit rate of \$32.85.

The changes will be effective April 1, 2024.
