ADVISORY NOTICE

Save the Date

C.A.M.E Workshop

Claims Administration Made Easy, or CAME, focuses on a topic that is of current concern to our stakeholders. This year we will examine third-party claims, the various filings that must be made with the Commission as a result, the procedures and processes that must be followed, common pitfalls, and will examine a case study of a fictional third-party claim from beginning to conclusion. This workshop is focused on attorneys, paralegals, adjusters and employer representatives. You will hear from Commission staff members who are responsible for processing each aspect of a third-party claim, and hopefully leave with a better understanding of third-party practice, the laws and regulations, surrounding it, and the forms, procedures, and processes necessary to move a third-party action to a successful conclusion. CLE's for attorneys and adjusters will be available.

OCTOBER 4, 2024

**Where: Cooperative Conference Center
169 Laurelhurst Avenue
Columbia, SC 29210**

**Information and online registration
are forthcoming.**
